"The whole training was a great benefit to me and I have been able to apply what I have learned in my job role. I was given a test at the start of the day to see how much knowledge I already had. Following the test the Coach made a personal training plan for me, to which I had my own input. I was set practical tasks to put into practice what I had learned. Both the Coach in the room and the trainer on the video were very knowledgeable. I found it most useful that I was receiving One to One training from the Coach. The facilities at the centre are first class and all the staff are friendly and welcoming. I would definitely recommend CybaCoach to anyone for training."
